MEMORANDUM

To: Mayor and City Council
Jimmy Liles
Doug Colvin
Cindy Robbins

From: Milton Dickensheet

Date: October 22, 2019

Re: Milton Street Parallel Sewer CIP Project Number WW2019-02

The Milton Street Parallel Sewer CIP project consists of two major parts. One part is a 12” diameter gravity sewer in Milton Street between Morning Glory Drive and Northview Road parallel to the existing 8” diameter sewer. This will relieve a restriction between Morning Glory Drive and Wasson Lift Station and will greatly improve flow capacity for that section of the wastewater collection system. The other part includes higher capacity pumps with all the appurtenant electrical control panels, emergency standby generator, and larger diameter discharge piping for the higher capacity pumps. The approved budget amount for this project is \$460,000.00.

Shaffer & Hines prepared plans and specifications for this project and bids were received for both parts of the project on October 18, 2019. Please see the attached letters from Gary Shaffer with bid summaries of both parts of the project. Kirk’s Excavation was the low bidder on both parts of the project with a total amount well within budget of \$368,645.00.

Gary Shaffer, Shaffer & Hines, and City staff recommend awarding the project to Kirk’s Excavation. Gary has checked the past performance of Kirk’s Excavation and believes that they will do a good job for the City.

RE: CITY OF NIXA, MO
WASSON PLACE LIFT STATION IMPROVEMENTS

Dear Doug:

On October 18 at 10:00 a.m. we opened bids on the above referenced project. The bid results were as follows:

Kirk's Excavation	\$197,500.00
K&B Construction	\$205,965.00
Tom Boyce Construction	\$212,865.00
Excell Excavating	\$236,500.00

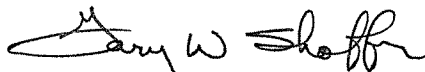

I spoke to John Epps with Kirk's Excavation after the bid opening and asked if he was comfortable with his bid. He advised that he felt comfortable performing the project and did not want to be relieved of his bid. In addition I have requested and received a list of references from the contractor on projects of a similar nature.

It is therefore my recommendation that the project be awarded to Kirk's Excavation with a bid of \$197,500.00.

Please contact me should you have questions or require additional information.

Sincerely;

SHAFFER & HINES, INC.
