May 3, 2016

Honorable Mayor
Members of the City Council
Citizens of the City of Nixa, Missouri

We are pleased to present the Comprehensive Annual Financial Report (CAFR) for the City of Nixa, Missouri (the City) for the fiscal year ended December 31, 2016 for your review. This report represents a culmination of twelve months of financial activity, is presented in conformance with generally accepted accounting principles (GAAP) and is audited in accordance with generally accepted auditing standards by an independent firm of certified public accountants.

City staff is responsible for the accuracy of the data presented, as well as the completeness of the presentation. To the best of our knowledge and belief, the enclosed data is accurate, in all material respects, and is reported in a manner designed to present fairly the City's financial position and results of operations.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. Our MD&A complements this letter of transmittal and should be read in conjunction with it.

CITY OF NIXA, MISSOURI

Nixa is located six miles south of Springfield, Missouri and 30 miles north of Branson, Missouri, on Highway 60, just four miles west of U.S. Highway 65. One of the fastest growing cities in Missouri, Nixa increased 367% from a population of 4,076 in 1990 to a population of 19,022 in 2010. Current population of Nixa is estimated at 20,684.

The City of Nixa provides police protection, street maintenance, parks and recreational facilities, planning and zoning development, municipal court, and general administrative services. Nixa is also a full-utility-service City, providing all electrical distribution, delivery of water, sanitary sewer treatment and recycling services. The City purchases its electricity from Springfield City Utilities and Southwest Power Administration. All of Nixa's water is pumped from the underground Ozark aquifer. Its state of the art, 4-million gallon/day sanitary sewer treatment facility accommodates all existing and near term future demands. Contractually, the City accommodates curb-side trash and recycling pick-up for residents, as well as, having a public facility for all reusable product drop-offs.

PROFILE OF THE GOVERNMENT

Incorporated as a village in 1902, Nixa became a fourth class city under Missouri law on June 7, 1946. In April 2010, Nixa citizens voted to become a Home Rule Charter city. The City Charter provides for a non-partisan municipal government consisting of a Mayor and six council members. The Mayor is elected at large by the voters of the city every three years. The City is divided into three districts with two council members elected from each district for a three-year term.

Appointment of City Administrator, City Clerk, and Chief of Police are made by Mayor and Council. Terms for each of these positions are indefinite.

The City Administrator is the chief administrative officer of the City and is responsible to the Mayor and Council for the administration of all City affairs. The City Administrator is also responsible for the appointment of departmental directors and employees. In addition to the City Administrator, City Clerk, and Chief of Police, the City employees five other directors – Director of Planning and Zoning, Director of Public Works, Director of Finance, Director of Human Resources, and Director of Parks and Recreation. A total of 136 full-time positions were budgeted for 2017.

LOCAL ECONOMY

Total tax revenue for the City rose by 2% in 2016, with an increase of 4.6% in direct city sales tax revenue.

The City saw a 6% increase in business licenses and 21% increase in new residential building permits in 2016 compared to 2015. Nine (9) new residential developments are currently either under review or under construction; this will provide 300 new single-family residential lots.

ECONOMIC DEVELOPMENT

Council adopted an Economic Development Incentive Resource Guide along with an Economic Incentives Policy Manual in 2015. While incentive packages have been available for developers in the past, this action formalized the process of incentives for retail and economic development.

The City, along with other government entities in Christian County, have formed the Christian County Business Development Corporation (CCBDC) to function as a regional economic development agency. This past year, the Corporation obtained commitments of \$78,500 from the public sector and another \$81,100 from the private sector, for a total of \$159,600. These funds are intended for the hiring of an economic development director who will work solely for Christian County's economic development enhancement. The CCBDC is incorporated with the State, with a ten-member board of directors and elected officers. By-laws have been approved, and the Board is in the process of completing a job description for the economic development director. Upon completion of the 501c(3) application, the Board will begin advertisement for the director's position.

Christian County officials have agreed to house and provide administrative assistance to the director in its new Resource Management Center. Other involved public sectors have agreed to provide additional support of this newly created position.

MAJOR INITIATIVES

During Fiscal Year 2016, the City of Nixa completed the following major initiatives:

- Electric SCADA System
- Generators and Surveillance System for Public Works Facilities
- Electric Line and Distribution Improvements
- Water Line Improvements
- Wastewater Treatment Plant Improvements

The following items were budgeted in 2016, but due to time constraints, have been carried forward into the 2017 budget for completion:

- Water and Wastewater SCADA Systems
- Solar Farm
- Tracker and Main Intersection Street Improvements
- US 160 and SH 14 Intersection Street Improvements
- Downtown Substation Upgrades
- Sewer Capacity and Gravity By-pass Line Upgrades

FINANCIAL INFORMATION

In developing the City's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable assurance, but not absolute, that assets are effectively safeguarded and transactions are performed in accordance with management's authorization and are properly recorded. The concept of reasonable assurance recognizes the cost of a control should not exceed the benefits likely to be derived and the evaluation of cost and benefits requires estimates and judgments by management. Within this framework, we believe that the City's system of internal accounting controls adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions.

Internal Budgeting Controls

All funds are budgeted on an annual basis. Budgets provide a management control tool for financial planning and measurement of operational expenditure levels. Budgeting of the enterprise activity is necessary to ensure the level of user rates is sufficient to cover operational costs as well as meet bondholder requirements for debt coverage.

The City Charter specifies that the City Administrator shall submit to the Mayor and Council a budget for the ensuing fiscal year. A five-year capital program shall also be submitted prior to the final date for submission of the budget. The Council, by ordinance, adopts the budget on or before the last day of the month of the fiscal year currently ending. Adoption of the budget shall constitute appropriations of the amounts specified therein as expenditures from the funds indicated. During the fiscal year, supplemental appropriations and/or reduction of appropriations may be brought to the Council by the City Administrator for amendment of the adopted budget. In no event, shall the total proposed expenditures exceed the estimated revenues to be received plus any unencumbered cash reserves.

Relevant Financial Policies

Several tools and policies have been developed and implemented by the City to ensure protection of the City's assets and to provide internal controls. In 2015, the Finance Department's Standard Operating Procedures manual was updated and presented to Council for approval. The City's comprehensive Purchasing Policy was updated and approved by Council in 2016. Other adopted financial policies include an Identity Theft Prevention Program, Merchant Card Policy, Investment Policy, and Utility Billing Collection Policy.

The City of Nixa continually monitors user rates for the enterprise funds. Rate studies are conducted on a regular basis to ensure that revenues meet the needs of operations, debt, and capital improvements. User rates implement incremental increases to adjust to rising costs.

Cash Management

The City's investment policy, adopted by Council in 2011, established guidelines and requirements for investing of all City revenue funds. The City's policy strives to earn the highest rate of return on invested funds without sacrificing either safety or liquidity. All deposits are secured by the Federal Deposit Insurance Cooperation and pledged securities. The securities pledged satisfy the requirements established under current state and federal laws. Proposals for comprehensive day-today depository and banking services are requested every three to five years from area banking institutions. The City is scheduled to go through this process in 2017. Investment of funds in long-term vehicles (six months or greater) are placed by competitive bids.

Long-Term Financial Planning

The City of Nixa utilizes a five-year capital improvement program to identify and prioritize public projects. In accordance with our City Charter, the City Administrator is responsible for preparation of this program prior to the final date of submission of the annual budget. The capital program is adopted by resolution on or before the last day of the month of the current fiscal year.

To aid the various departments in the capital improvement program, initiatives are identified through the use of master plans. These plans, particularly electric, water and waste water, are reviewed every three (3) to five (5) years, depending on the City achieving projected estimates (e.g. growth rates, market trends, infrastructure integrity and revenue). A master plan was approved in 2012 for Waste Water with sewer rate adjustments approved by ordinance for 2013 – 2019. The Water Department's master plan was adopted in 2013. A water rate study is budgeted for 2017. The City intends to complete an Electric rate study in 2017, pending the sale of its Electric 69kV Transmission System. This sale is anticipated to defer significant changes in existing rates. A Street master plan was presented to Council in January 2016. A survey conducted during the Street master plan process assists Council in the prioritization of transportation and connectivity issues.

Debt Administration

The City of Nixa had an outstanding debt balance of \$13,742,561 on December 31, 2016 compared to a balance of \$15,445,732 as of December 31, 2015. Of this balance, \$1,276,800 is general obligation debt. In compliance with Missouri Statutes, the City's general obligation debt issuance is subject to legal limitation based on 20% of total assessed value of real and personal property.

The remainder of the debt balance is comprised of general leasehold agreements, \$2,627,761; enterprise revenue bonds, \$8,888,000; and enterprise lease obligations, \$950,000

OTHER INFORMATION

Strategic Planning

In 2015, action teams were formed by more than fifty (50) community members to determine the means to meet objectives and strategies that had been established by members of the community, City staff, and local businesses. This five-year (2015 – 2020) strategic plan, called Nixa's Continuing Improvement Plan (NCIP), was approved by Council to improve quality of life for the City's citizens. NCIP details action plans for four (4) strategies and twenty-four (24) action plans focusing on transportation, community involvement, economic development, and recreation. At the time of the 2016 NCIP progress assessment, the City had initiated 75% of the strategic action plans. Five (5) action plans have been put into operation, nine (9) are in progress, and four (4) plans were initiated with progress anticipated in 2017. Only six (6) actions plans are left to be implemented.

Independent Audit

As specified by the City's Charter, an independent audit of all City accounts is performed at least once a year in accordance with generally accepted accounting standards by a certified public accountant or firm of such accountants who have no personal interest, direct or indirect, in the fiscal affairs of the City government or any of its officers.

Awards and Acknowledgements

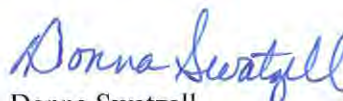

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Nixa for its comprehensive annual financial report (CAFR) for the fiscal year ended December 31, 2015. This was the first year that the City has achieved this prestigious award. To be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

We would like to recognize the Mayor and Council for their high standards of professionalism in the management of the City's resources. Our appreciation is extended to the Finance Department in their diligence to maintain a reliable reporting system, and to other City departments in providing data for this report. In addition, we would like to thank our auditors, Decker and DeGood, PC, for their assistance in formulating this report.

Respectfully submitted,

Brian Bingle

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Board of Aldermen
City of Nixa, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Nixa, Missouri, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Nixa, Missouri, as of December 31, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis* and the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The other supplementary information and introductory and statistical sections, as listed in the table of contents, are presented for the purpose of additional analysis and are not a required part of the basic financial statements.

The other supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Nixa, Missouri (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2016. We encourage readers to use this document in conjunction with the transmittal letter in the Introductory Section of this report and with the City's financial statements, which begin on page 13.

Financial Highlights and Significant Events

- On a government-wide basis, the assets and deferred outflows of resources of the City exceeded its liabilities and deferred outflows of resources for the most recent fiscal year by \$111,981,645. The City has unrestricted net assets totaling \$23,786,479, which can be used to fund the City's functions/programs.
- As of December 31, 2016, governmental activities and business-type activities had net positions of \$68,675,803 and \$43,305,842, respectively.
- At the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$10,138,497, an increase of \$153,144 in comparison with the prior year. Approximately 67 percent or \$6,101,397 is available for discretionary spending by the City. The remaining fund balance is either restricted by outside parties or not in spendable form.
- The unassigned fund balance for the General Fund, \$6,101,397, is 111% of total General Fund expenditures, and is an increase in comparison with the prior year unassigned fund balance.
- The City's long-term debt obligations decreased by \$1,703,171, or eleven percent as compared to fiscal year 2015.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Nixa's basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, 3) notes to the financial statements. This report also contains supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City of Nixa's finances, in a manner similar to private-sector business. All governmental and business-type activities are consolidated to arrive at a total for the City. There are two government-wide statements, the statement of net position and the statement of activities, which are described below.

The Statement of Net Position presents information on all of the City's net assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the government's net assets changed during the current fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both the government-wide financial statements distinguish functions of the City of Nixa that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, judiciary, public safety, transportation, culture and recreation. The business-type activities include the Waterworks, Wastewater, and Electric systems.

The government-wide financial statements can be found on pages 13 and 14 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control and accountability over resources that have been segregated for specific activities or objectives. Some funds are required to be established by State law, while others are established to help control and manage money for a particular purpose. The City's two kinds of funds are as follows:

- Governmental funds – Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the accrual method of accounting, which measures cash when earned and expenditures incurred. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in a reconciliation at the bottom of the fund financial statements.

The City of Nixa adopts an annual budget for its governmental funds and a comparison of actual to budget has been provided to demonstrate compliance with the authorized budget. The Statement of Revenues, Expenditures and Changes in Fund Balance on a Budgetary Basis can be found on pages 57-58.

The basic governmental fund financial statements (Balance Sheet and Statement of Revenues, Expenditures and Change in Fund Balance) can be found on pages 15 and 17 of this report.

- Proprietary funds – When the City charges customers for the services it provides, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the City's enterprise fund is the same as the business-type activities we report in the government-wide statements but provides more detail and additional information, such as cash flows. The basic proprietary fund financial statements (Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position and Statement of Cash Flows) can be found on pages 19-21 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 22-56 of this report.

Required Supplemental Information

In addition to the basic financial statements the required supplementary information can be found on pages 57-61 of this report.

Government-Wide Financial Analysis

Net Position. As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows by \$ 111,981,645 at the close of the most recent fiscal year.

The City's net investment in capital assets (land, construction in progress, buildings, equipment, improvements, and infrastructure) totals \$ 87,634,295. As capital assets, these resources are not available for future spending, nor can they be readily liquidated to pay off their related liabilities. Resources needed to repay capital-related debt must be provided from other sources.

| | City of Nixa's Net Position | | | |
|---------------------------------|-----------------------------|----------------------|--------------------------|----------------------|
| | Governmental Activities | | Business-type Activities | |
| | 2016 | 2015 | 2016 | 2015 |

| Total net position | <u>\$ 68,675,803</u> | <u>\$ 67,575,044</u> | <u>\$ 43,305,842</u> | <u>\$ 41,473,168</u> |

City of Nixa
Changes in Net Position

Government-Wide Financial Analysis-continued

An additional portion of the City's net position represent resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position \$ 23,786,479 is explained further below.

At the end of the current fiscal year, the City is able to report positive balances in all both categories of net position for the City as a whole. The reporting model includes the reporting of the City's infrastructure as a capital asset, including assets acquired retroactive to 1980.

Changes in Position. The City's total net position increase by \$ 2,933,433. This increase in net position is a result of continued economic growth. The City's population increased by an estimated 420 residents. There were 127 residential construction permits issued along with 8 commercial construction units. Key elements to the changes in net position follow:

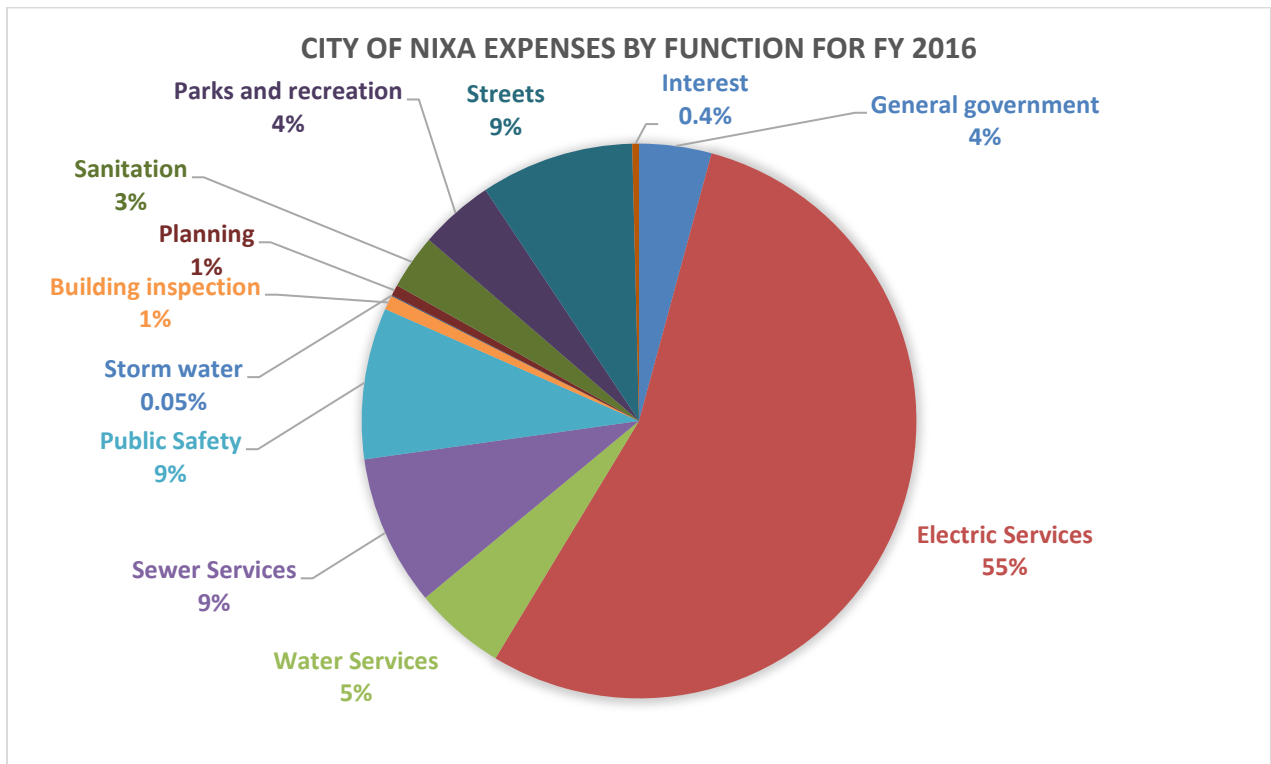

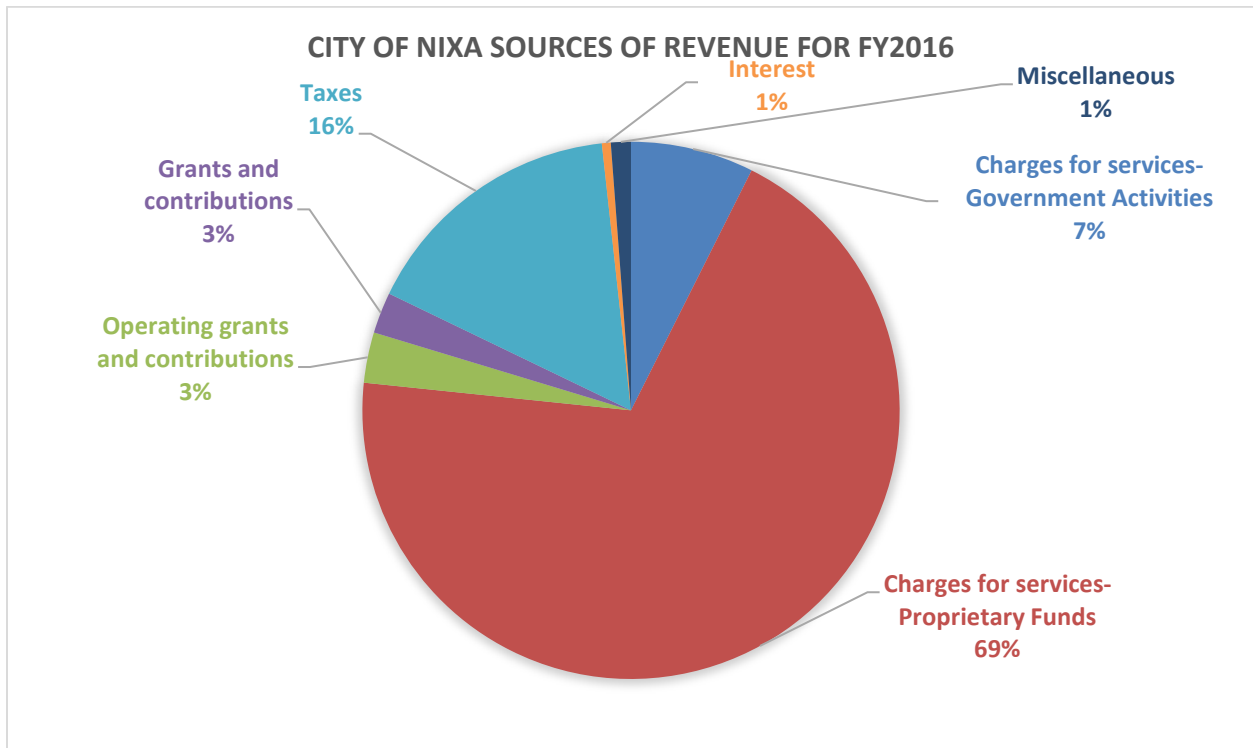

City of Nixa's Changes in Net Position

| Net Position, ending | \$ 68,675,803 | \$ 67,575,044 | \$ 43,305,842 | \$ 41,473,168 |

Governmental activities. Governmental activities increased the City's net position by \$ 1,100,759, thereby accounting for 37.5% of the total growth in the net position of the City. Compared to last year's growth for Governmental activities, this was an increase of \$269,370, which was most notable due to one cent general and transportation sales tax issues showing a 4.6% increase or \$ 169,576.

Business-type activities. Business-type activities increased the City's net position by \$ 1,832,674, thereby accounting for 62.5% of the total growth in the net position of the City. This was an increase of \$ 993,954 over the prior year. This was due to a rate increase in the Electric Fund which improved its ratio of revenue to cost of power purchased 14.34% or as shown on page 9, a \$ 800,373 net improvement along with increase in operating revenues for both the Waterworks and Wastewater Funds totaling \$ 305,180.

The charts below illustrate the City's sources of revenue and expenses by percentages of totals.

In reviewing the current to the past year on the Waterworks, Wastewater, and Electric Funds, we noted the following:

| | 2016 | 2015 | Change | |
|---|--------------|--------------|------------|---------|
| | | | Amount | % |
| Waterworks Fund | | | | |
| Revenue | \$ 2,266,282 | \$ 2,047,718 | \$ 218,564 | 10.67% |
| Expense net of Depreciation and interfund | 862,139 | 888,804 | (26,665) | -3.00% |
| Operating Income | 755,118 | 550,261 | 204,857 | 37.23% |
| Wastewater Fund | | | | |
| Revenue | 3,062,204 | 2,976,631 | 85,573 | 2.87% |
| Expense net of Depreciation and interfund | 1,433,355 | 1,484,000 | (50,645) | -3.41% |
| Operating Income | 623,341 | 523,018 | 100,323 | 19.18% |
| Electric Fund | | | | |
| Revenue | 16,928,777 | 15,999,418 | 929,359 | 5.81% |
| Expense net of Depreciation and interfund | 14,446,520 | 14,340,120 | 106,400 | 0.74% |
| Cost of power purchased | 12,391,392 | 12,305,745 | 85,647 | 0.70% |
| Operating Income | 1,377,753 | 577,380 | 800,373 | 138.62% |

Financial Analysis of the City of Nixa's Funds

As noted earlier, the City uses fund accounting to demonstrate compliance with legal or finance-related requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on the near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Governmental fund balance is reported in five separate categories: Nonspendable, restricted, committed, assigned, and unassigned. Nonspendable fund balance includes amounts that cannot be spent for legal or practical reasons. Examples include prepaid items and inventory. Restricted fund balance includes amounts restricted to specific purposes by external parties such as amounts restricted for specific purposes such as streets and parks.

Committed fund balance includes amounts that have been set aside by the City Council for a specific purpose prior to the end of the fiscal year. Assigned fund balance includes amounts that have been set aside by the City Council for a specific purpose, but subsequent to the end of the fiscal year. Unassigned fund balance includes all remaining amounts.

As of the end of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$ 10,138,497, with an increase of \$ 153,144 compared to the prior fiscal year. Of the total balance, \$715,929 is Committed, \$23,487 in Non-spendable, \$3,297,684 is restricted, and \$6,101,397 is unassigned.

The general fund is the chief operating fund of the City. At the end of the current fiscal year, the general fund reported a fund balance of \$6,830,750 of which \$13,424 is non-spendable \$715,929 committed, and \$6,101,397 is unassigned.

Fund balance of the general fund increased \$1,190,534 due to mainly to the sale of land totaling \$415,000, an increase in Fee-in lieu of taxes \$54,739 from the Waterworks and Electric Funds, new debt issuance \$258,751 and a decrease in funds transferred to nonmajor funds for operations of \$180,000.

Fund balance of the street fund decreased \$1,004,587 which was attributable to street projects totaling \$1,316,979 more than prior year less the increase in transportation sales tax \$ 56,996 and grants \$ 147,744.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position in the City's major proprietary funds totaled the following: (1) \$3,410,113 in the Waterworks Fund, (2) \$3,519,720 in the Wastewater Fund and (3) \$6,303,075 in the Electric Fund. The finances of these funds were discussed earlier as part of the business-type activities.

GENERAL FUND BUDGETARY HIGHLIGHTS

Minor revisions were made to the General Fund original expenditure budget. The original General Fund expenditure budget was forecasted at \$5,520,180 and the revised expenditure budget was increased by 1.4% to \$5,597,740. Actual expenditures for the General Fund came in 2% under the revised expenditure budget for a savings of \$116,126.

No revisions were made to the General Fund original revenue budget of \$5,273,400. Actual revenue for the General Fund were \$5,271,938, for a variance of less than 1% compared to budgeted revenue.

CAPITAL ASSET AND DEBT ADMINISTRATION

| TOTALS | \$ 3,904,561 | \$ 4,241,732 | \$ 9,838,000 | \$ 11,204,000 | \$ 13,742,561 | \$ 15,445,732 |

Additional information on the City's long-term debt can be found in Note E of the notes to the financial statements of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The 2017 Budget for the City of Nixa, Missouri indicates \$38,252,573 in expenditures, offset by \$35,278,991 in revenue. Expenditures are comprised of \$30,216,742 for operations, \$2,332,039 for debt retirement and \$5,703,792 for capital improvement projects. Revenue for 2017 will cover 100% of operational expenses and debt retirement, and 48% of capital expenses. The remaining 52% of capital expenses will be afforded through unassigned fund balance.

The City of Nixa has begun to experience a significant increase in residential growth with nine (9) new developments, either under review or under construction. These new developments will provide 300 new single-family residential lots.

Two transportation projects – improvements at US160 and SH 14 intersection and Tracker and Main Street intersection – will be completed in 2017. Completion of work on these two projects are budgeted at \$1,310,000. An additional \$896,421 has been allocated for other transportation projects and includes \$357,200 for sidewalk projects. A transportation-congestion management system is budgeted at \$54,000.

System improvements for City's Electric, Water, and Sewer systems are budgeted at \$1,398,821, \$106,000 and \$882,200, respectfully. The demolition of the old City Hall Building and improvements to the site will cost \$70,000. Audio and visual upgrades to Council Chambers will amount to \$17,300. The City's Park and Recreational Department has budgeted \$64,500 for improvements to the Community Center and the Aquatics Center.

Other budgeted items include \$139,700 for various building improvements, \$151,350 for equipment and \$613,500 for vehicles.

The City of Nixa anticipates the sale of its Electric 69kV Transmission System and the implementation of a solar farm in 2017. Completion of these two items could potentially off-set and postpone the need for any significant changes to the existing electric rates. Funds have been budgeted for a Water Rate Study in 2017, while incremental increases for Sewer rates set in 2013 continue to sufficiently address the needs of

the Waste Water Department. The City will continue to monitor all rates and fees on an annual basis to ensure adequate revenues.

Requests for Information

This financial report is designed to provide a general overview of the City of Nixa, Missouri's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of Finance Director, PO Box 395, 715 West Mt. Vernon, Nixa, Missouri 65714 or call (417) 724-5625.

CITY OF NIXA, MISSOURI
RECONCILIATION OF THE GOVERNMENT FUNDS
BALANCE SHEET TO THE GOVERNMENT-WIDE
STATEMENT OF NET POSITION
DECEMBER 31, 2016

| | | |
|---|-------------------|-----------------------------|
| Total Fund Balances-Governmental Funds | | \$ 10,138,497 |
| Capital assets, net of accumulated depreciation, used in governmental activities are not financial resources and, therefore, are not reported as assets in the governmental funds. | | |
| Non-depreciable assets | 4,395,171 | |
| Depreciable assets | <u>57,631,622</u> | |
| | | 62,026,793 |
| Property taxes assessed by the City, but not collected as of year end, are deferred within the fund financial statements. However, revenue for this amount is recognized in the government-wide statements. | | 45,171 |
| Certain amounts are not a use of financial resources and, therefore, are not reported in the governmental funds. These items consist of: | | |
| Deferred outflows - pension related | | 1,471,429 |
| Net pension liability | | (791,426) |
| Deferred inflows - pension related | | (172,645) |
| Interest on long-term debt is accrued as a liability in the government-wide statements but is not recognized in the government funds until due. | | (27,938) |
| Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. Long-term liabilities at year-end consist of: | | |
| G.O.Bonds and Capital Lease Obligations payable | (3,904,561) | |
| Compensated absences | <u>(109,517)</u> | |
| | | <u>(4,014,078)</u> |
| Net position of governmental activities | | <u><u>\$ 68,675,803</u></u> |

CITY OF NIXA, MISSOURI
RECONCILIATION OF STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2016

Amounts reported for *governmental activities* in the statement of activities are different because:

| | | |
|--|----|---------|
| Net change in fund balances - total governmental funds | \$ | 153,144 |
|--|----|---------|

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

| | | |
|----------------------|-------------|--|
| Capital outlays | 2,912,388 | |
| Depreciation expense | (1,727,503) | |

The net effect of various miscellaneous transaction involving capital assets:

| | | |
|--|------------------|---------|
| Cost of disposals, net of accumulated depreciation | <u>(418,770)</u> | 766,115 |
|--|------------------|---------|

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the same statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position

| | | |
|------------------------------------|----------------|---------|
| Principal payments | 595,922 | |
| Capital lease issuance | (258,751) | |
| Change in accrued interest payable | <u>(1,558)</u> | 335,613 |

Under the modified accrual basis of accounting used in the governmental funds, revenues are not recognized until funds are measureable and available to finance current expenditures. In the statement of activities, however, which is presented on the accrual basis, revenues are reported regardless of when financial resources are available. This is the net adjustment to property tax revenue in converting to the full accrual basis.

24,271

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds.

| | | |
|---|------------------|------------------|
| Compensated absences | 32,690 | |
| Change in LAGERS net pension obligation | <u>(211,074)</u> | <u>(178,384)</u> |

| | | |
|---|----|-------------------------|
| Change in net position of governmental activities | \$ | <u><u>1,100,759</u></u> |
|---|----|-------------------------|

The notes to financial statements are an integral part of this statement.

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Nixa, Missouri (the “City”) was formally established as the Village of Nixa in 1902 and currently covers 8.82 square miles in Christian County, Missouri. The City now operates under the Home Rule Charter form of government. The City Administrator is the chief administrative officer of the City who is responsible for the day-to-day operations of the City. The City provides services to approximately 21,200 residents in many areas, including law enforcement, engineering, streets, electric, waterworks, wastewater, parks and recreation and general administrative services.

The financial statements of the City were prepared in accordance with accounting principles generally accepted in the United States of America for governmental entities (U.S. GAAP). The following summary of the more significant policies of the City is presented to assist the reader in interpreting these financial statements, and should be viewed as an integral part of this report.

THE REPORTING ENTITY

Entity status for financial reporting purposes is governed by Governmental Accounting Standards Board (GASB). The GASB is the standard-setting body for the establishment of GAAP in governmental entities. The financial statements of the City present the financial activities of the City and any component units. The City is the primary government unit. Component units are those entities which are financially accountable to the primary government, either because the City appoints a voting majority of the component unit’s Board or because the component unit will provide a financial benefit or impose a financial burden on the City. The City does not have any component units.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of the City. For the most part, the effect of interfund activity has been removed from these statements. Government-wide financial statements do not provide information by fund, but distinguish between the City’s governmental activities and business-type activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund financial statements. Separate financial statements are provided for governmental funds and proprietary funds. Separate columns are presented for each major governmental fund and for each major enterprise fund. Non-major funds are aggregated and presented in a single column labeled "Nonmajor Governmental Funds."

Governmental Fund Types: Governmental funds are those through which most governmental functions of the City are financed. The acquisition, use and balances of the City's expendable financial resources and the related liabilities (other than those in proprietary funds) are account for through governmental funds. The following are the City's major governmental funds:

General Fund – The General Fund is the government's primary operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

Street Fund – This fund is used exclusively for the revenues of and expenses from the operations, maintenance and improvements of City streets. This fund includes the Missouri Motor Fuel taxes, ½ cent sales tax and Christian County sales tax for streets.

Proprietary Fund Types: Proprietary funds are used to account for the City's ongoing activities that are similar to those often found in the private sector. The following are the City's major proprietary funds:

Waterworks Fund – Accounts for the provision of waterworks services to residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing and collection.

Wastewater Fund – Accounts for the provision of wastewater services to residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing and collection.

Electrical Fund— Accounts for the provision of electric services to residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing and collection.

Additionally, the City reports the following non-major governmental funds:

Park Fund – This fund is used exclusively for the revenues of and expenses from the operations of the swimming pool and all park activities.

Building Inspection Fund – This fund is used to account for permits and building inspections and related expenses.

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Storm Water Fund – This fund is used to account for permits and storm retention related expenses.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as is the proprietary fund financial statements. Revenues are recorded when earned and expenses are recognized at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which the City gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable, and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims, and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, sales tax, intergovernmental taxes, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's waterworks, wastewater, and electric function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments. General revenues include all taxes.

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation, the principal operating revenues of the enterprise fund are charges for services. Operating expenses for the enterprise fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

ASSETS, LIABILITIES AND NET POSITION/FUND BALANCE

Cash and Cash Equivalents

The City pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash account is available to meet current operating requirements.

Cash balances from the majority of funds recorded as restricted accounts are pooled for investment purposes. Earnings from such investments are allocated to the respective funds based on applicable cash participation by each fund. The investment pools are managed such that all participating funds have the ability to deposit and withdraw cash as if they were demand deposit accounts, and therefore all balances representing participants' equity in the investment pools are classified as cash equivalents for purposes of these statements. For investments which are held separately from the pools, those which are highly liquid (including restricted assets) with an original or remaining maturity of 90 days or less when purchased are considered to be cash equivalents.

Statement of Cash Flows

For cash flow statement purposes, the City considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Investments

Missouri State statutes authorize the City to invest in obligations of the U.S. Treasury, federal agencies, commercial paper, corporate bonds, and repurchase agreements. Investments are stated at fair value.

Interfund activity

Transactions among the City funds that would be treated as revenues and expenditures or expense if they involved organizations external to City government are accounted for as revenues and expenditures or expenses in the funds involved.

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Interfund activity-continued

Transactions which constitute reimbursements to a fund for expenditures initially made from it which are properly applicable to another fund are recorded as expenditures in the reimbursing fund as reductions of expenditures in the reimbursed fund.

Transactions, which constitute the transfer of resources from a fund receiving revenues to a fund through which the revenues are to be expended, are separately reported in the respective fund's operating statements.

Activity between funds that are representative of lending/borrowing arrangements at the end of the fiscal year are referred to as "due to/from other funds" in the fund financial statements. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

The City has the following types of interfund activity:

Cost Reimbursements-amounts provided for by the General Fund and reimbursed by the Street Fund and Proprietary Funds.

Transfers-flows of assets (such as cash) without equivalent flows of assets in return and without a requirement for repayment. In governmental funds, transfers are reported as other financing uses in the funds making transfer and as other financing sources in the funds receiving transfers.

Accounts Receivable and Allowances

All receivables were stated at gross because the amounts were collected within the following 30 days except for refuse, electric, waterworks and wastewater utilities receivable which are net of allowances of \$ 16,667 refuse, \$ 239,922 electric, \$ 41,805 waterworks and \$ 79,033 for wastewater. Utility receivables also includes an estimate for services rendered but not yet billed as of the close of the fiscal year.

Inventories

Inventories for the Waterworks and Electric Funds consist of consumable supplies used for emergency repairs and replacements and are stated at cost, using the first-in/first-out (FIFO) method.

Prepaid items

Payment made to vendors for services that will benefit periods beyond December 31, 2016, are recorded as prepaid items in both the government-wide and fund financial statements.

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Restricted assets

Enterprise Funds, because of certain bond covenants, are required to establish and maintain prescribed amount of resources (consisting of cash and temporary investments) that can be used only to service outstanding debt. The bond account is used only for the payment of principal and interest on revenue bonds. The bond reserve account is to be used only to pay bonds at maturity or interest as it becomes due and to the extent other funds are not available for this purpose.

Certain General Fund monies are classified as restricted assets on the Statement of Net Position and Balance Sheet because their use is limited by covenants of the capital lease agreement. The reserve account is to be used solely for the purpose of making lease payments on the applicable due dates when and to the extent other funds are not available for this purpose. The lease payment account is used only for the payment of the principal and interest on the lease obligation.

Capital Assets and Depreciation

Capital assets, which include property, equipment, and infrastructure (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial cost of more than \$ 5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

Depreciation has been provided over the estimated useful lives using the straight-line method of depreciation. The estimated useful lives for each major class of depreciable capital assets are as follows:

| | |
|-------------------------|-------------|
| Buildings | 7-40 years |
| Site improvements | 7-55 years |
| Streets | 20-40 years |
| Furniture and equipment | 7-20 years |
| Vehicles | 5-10 years |

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capitalization of interest

Interest costs are capitalized when incurred by proprietary funds where proceeds were used to finance construction of assets. Interest earned on proceeds of tax-exempt borrowing arrangements restricted to the acquisition of qualifying assets is offset against interest costs in determining the amount to be capitalized. No interest was capitalized for 2016 and interest cost information for the enterprise funds for the year ended December 31, 2016 is as follows:

| | Waterworks Fund | Wastewater Fund | Electric Fund |
|----------------------|--------------------|--------------------|------------------|
| Total interest costs | \$ 30,726 | \$ 98,367 | \$ 169,059 |

Deferred Outflows of Resources/Loss on Refunded Debt

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. At this time, the City has two items that meet the definition of deferred outflows of resources. One is the deferred charge on refunding reported in the government-wide statement of net position and the statement of net position for proprietary funds. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second is the amount related to pension outflows as per GASB 68.

Deferred Inflows of Resources/Unavailable Revenue/Gain on Refunded Debt

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until then. In the Governmental Funds the item reported as a deferred inflow of resources arises only under a modified accrual basis of accounting. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes as these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available.

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Inflows of Resources/Unavailable Revenue/Gain on Refunded Debt-continued

At this time, the City has two items that meet the definition of deferred inflows of resources. It is the deferred gain on refunding reported in the government-wide statement of net position and the statement of net position for proprietary funds. A deferred gain on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second item is related to pension inflows as per GASB 68.

Obligation for Bond Arbitrage Rebate

Pursuant to Section 148(f) of the U. S. Internal Revenue Code, the City must rebate to the United State Government the excess of interest earned from the investment of certain debt proceeds and pledged revenues over the yield rate of the applicable debt. Arbitrage rebate, if any, is due and payable on each five year anniversary of the respective debt issue. As of December 31, 2016 the City had no outstanding arbitrage rebate liability.

Vacation, sick leave, and other compensated absences

City employees are entitled to certain compensated absences based on their length of employment. All vacation and sick pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Missouri Local Government Employees Retirement System (LAGERS) and additions to/deductions from LAGERS fiduciary net position have been determined on the same basis as they are reported by LAGERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are report at fair value.

Long-term Debt

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt is reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, and losses on refunding are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed during the current period.

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Long-term Debt-continued

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Balances-Governmental Funds

As of December 31, 2016, fund balances of the governmental funds are classified as follows:

Non-spendable-This classification includes amounts that cannot be spent either because they are not in a spendable form or because they are legally or contractually required to be maintained intact.

Restricted-This classification includes amounts that can be spent only for specific purposes because of the City Charter, City Code, state or federal laws, or externally imposed conditions by grantors or creditors.

Committed-This classification includes amounts that can be used only for specific purposes determined by a formal action by the City Council. Such formal action may be in the form of an ordinance and may only be modified or rescinded by a subsequent formal action.

Assigned-This classification includes amounts that are intended by the City to be used for a specific purpose but are neither restricted nor committed. Assignments may be made only by the government body or official.

Unassigned-This classification represents the residual positive balance within the General Fund, which has not been restricted, committed or assigned. In funds other than the General Fund, unassigned fund balances are limited to negative residual balances.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances is available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the City Council has provided otherwise in its commitment or assigned actions.

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balances-Governmental Funds-continued

The fund balance of the City's General, Street, and Park Funds have been accumulated to provide stability and flexibility to respond to unexpected adversity and/or opportunities. Currently the General Fund has set aside \$ 2,185,000 and the Street Fund \$ 400,000. The Park has set aside \$ 350,058 for future repairs to park pool, community center, and replacement of fitness equipment.

Net Position

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. Net investment in capital assets consists of cost of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. This net investment in capital assets amount also is adjusted by any bond issuance deferral amounts. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. All other net position is reported as unrestricted.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Restrictions of Net Position

The City records restrictions to indicate that a portion of the net position is legally segregated for a specific future use. The following details the description and amount of all restrictions used by the City as of December 31, 2016:

Proprietary Fund Types-Business Type Activities

| Fund | Debt Service | Bond Reserve | Total |
|------------|-------------------|------------------|-------------------|
| Wastewater | \$ - | \$ 80,927 | \$ 80,927 |
| Electric | 479,944 | - | 479,944 |
| | <u>\$ 479,944</u> | <u>\$ 80,927</u> | <u>\$ 560,871</u> |

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of basic financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results could differ from those estimates.

Revenue Recognition - Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1, and are due and payable at that time. All unpaid taxes levied October 1 become delinquent January 1, of the following year. Valuation for 2016 was \$ 227,204,194 with the levy set at \$.3316 for General Fund purposes only.

Revenue Recognition - Sales Tax authorizations

Sales tax authorizations consist of a one-cent general sales recorded in the General Fund (\$ 2,574,134), one-half cent transportation sales tax to be used for street purposes in the Street Fund (\$ 1,287,067) and also in the Street Fund a Christian County sales tax for streets (\$ 105,000).

Fee in Lieu of Taxes

The Waterworks and Electric Funds make an annual payment in lieu of taxes to the General Fund, which is based on a percentage of sales of utilities. That payment is reflected as a transfer on the statement of revenues, expenses and changes in net position.

Interest Earned on SRF Bond Reserves

On the debt issues funded under the State Revolving Funds the City earns interest on reserve accounts established by the Federal Government and State of Missouri which is applied to reduce the required interest payments for the City. The 2001C at year end had \$ 2,482,280.82 set aside in reserves.

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Excess of expenditures over appropriations

For the year ended December 31, 2016, expenditures did not exceed appropriations in any fund.

Bond Reserve Compliance

The City was in compliance with required bonded debt reserves for the year.

Negative Fund Balance

The City failed to transfer funds from the General Fund to the Building Inspection Fund to cover its operating costs. The City will increase the transfer for operations in 2017 to correct the deficit fund balance.

Debt restrictions

General obligation debt

Article VI, Sections 26 (b) and (c), Constitution of Missouri, limits the outstanding amount of authorized general obligation debt of a City to 20 percent of the assessed valuation of taxable tangible property as shown by the last completed assessment for state or county purposes. Authorization for debt issuance requires four-sevenths at the general municipal election day, primary or general elections and two-thirds at all other elections, vote of the qualified electors thereof. The computed legal debt margin of the City at December 31, 2016, was:

| | |
|---------------------------|----------------------|
| Constitutional Debt Limit | \$ 45,440,839 |
| Outstanding G.O. Bonds | <u>(1,276,800)</u> |
| Legal debt margin | <u>\$ 44,164,039</u> |

Other long-term debt

Article VI, Section 26 (a), Constitution of Missouri, limits the outstanding indebtedness of a City without popular vote to an amount exceeding in any year the income and revenue provided for such year plus any unencumbered balances from previous years. For the year ended December 31, 2016, the City was in compliance with this requirement

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

DETAILED NOTES ON ALL FUNDS

NOTE B – DEPOSITS AND INVESTMENTS

Deposits. Custodial credit risk for deposits is the risk that in the event of a bank failure, the City's deposits may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. The City's bank deposits are required by state law to be secured by the deposit of certain securities specified at RSMo 30.270 with the City or trustee institution. The value of the securities must amount to the total of the City's cash not insured by the Federal Deposit Insurance Corporation.

As of December 31, 2016 the City's bank balances were entirely secured or collateralized with securities held by the City or by its agent in the City's name.

Investment Policies

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City does have a written investment policy covering credit risk.

Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The City's policy is to limit the length of investments to meet cash flow requirements for ongoing operations, thereby avoiding the need to sell securities before maturity.

Concentration of Credit Risk is the risk of loss attributed to the magnitude of the City's investment in a single issuer. The City policy is to invest in only those instruments approved by the State of Missouri which have minimal risk.

Custodial Credit Risk is the risk that in the event of a broker/agent failure, securities that are uninsured and not registered in the name of the City and are held by either the counterparty to the transaction or the counterparty's trust department or agent but not in the government's name will not be returned to the City. The City does have a written investment policy on custodial credit risk which all investments are either insured or registered in the City's name and held by the City's agent.

NOTE E – LONG-TERM DEBT

Business-type activities

The following is a summary of debt transactions of the City for the year ended December 31, 2016 as it relates to the business type activities:

| | Beginning Balance | Additions | Reductions | Ending Balance | Amount due Within one Year |
|---|----------------------|------------------|---------------------|---------------------|----------------------------------|
| Revenue Bonds | \$ 10,149,000 | \$ - | \$ 1,261,000 | \$ 8,888,000 | \$ 1,236,000 |
| Lease Obligations | 1,055,000 | - | 105,000 | 950,000 | 105,000 |
| Compensated absences | 94,131 | 87,301 | 81,866 | 99,566 | 82,000 |
| Business-type activity long-term liabilities | <u>\$ 11,298,131</u> | <u>\$ 87,301</u> | <u>\$ 1,447,866</u> | <u>\$ 9,937,566</u> | <u>\$ 1,423,000</u> |

As reported on the financial statement:

Amount due within one year

| | |
|---|--------------|
| Revenue bonds and capital lease obligations | \$ 1,341,000 |
| Compensated absences | 82,000 |

Amount due in more than one year:

| | |
|---------------------------|---------------------|
| Revenue bonds | 7,652,000 |
| Capital Lease Obligations | 845,000 |
| Compensated absences | 17,566 |
| | <u>\$ 9,937,566</u> |

The bond ordinances require that the City establish rates and charges for its electric, waterworks and wastewater services, such that the revenues derived from the electric, waterworks and wastewater system are sufficient to provide for the payment of principal and interest on the revenue bonds and for the operation and maintenance of the electric, waterworks and wastewater system.

NOTE F – CAPITALIZED LEASE OBLIGATION

Governmental Activities

On April 28, 2016, the City entered into a refunding leasehold revenue bonds for the purpose of refunding the 2006 refunding issue. The original debt had been for expansion of City Hall and had been capitalized at cost in the Governmental Activities for the original amount of \$ 4,250,000 with accumulated depreciation to date of \$ 945,115. Issue matures August 1, 2026. \$ 2,460,000

On February 15, 2016, the City entered into a cancelable lease for the six Ford Interceptors. Payments are annual on February 15 \$ 81,740.66 at 1.85% interest. Final payment is February 15, 2018. The vehicles have been capitalized at cost in the Governmental Activities for the original amount of \$ 258,751 with accumulated depreciation to date of \$ 32,932 \$ 167,761

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE F – CAPITALIZED LEASE OBLIGATION (Continued)

Although the agreement provides for cancellation clauses each year, generally accepted accounting standards addresses the legal restriction imposed, and for financial statement presentation, requires the lease to be accounted for as a capital lease.

At December 31, 2016 future minimum lease payments by year and the present value of future minimum capital lease payments were as follows:

| Year Ending December 31, | City Hall | Ford Interceptors |
|---|---------------------|----------------------|
| 2017 | \$ 287,050 | \$ 81,740 |
| 2018 | 287,650 | 90,773 |
| 2019 | 288,150 | - |
| 2020 | 288,550 | - |
| 2021 | 286,500 | - |
| 2022-2026 | <u>1,430,300</u> | <u>-</u> |
| Total minimum lease payment | 2,868,200 | 172,513 |
| Less: amount representing interest | <u>(408,200)</u> | <u>(4,752)</u> |
| Present value of future minimum lease payment | <u>\$ 2,460,000</u> | <u>\$ 167,761</u> |

Business-type Activities

Wastewater Fund

On March 1, 2016, the City entered into a cancelable lease for the refunding 2006 lease for extension of the wastewater system. Although the agreement provides for cancellation clauses each year, generally accepted accounting standards addresses the legal restriction imposed, and for financial statement presentation, requires the lease to be accounted for as a capital lease. Matures June 1, 2025.

NOTE G – OBLIGATION TO PURCHASE ELECTRIC POWER

The City has two electric purchase contracts for its entire electric load. Under contract DE-PM75-88SW00172, dated June 6, 1988, and subsequently amended, the City purchases 5,300 kilowatts (kw) of hydro-power from Southwest Power Administration (SWPA). The City currently pays \$ 4.50 per kw for this electric power.

The City's electric capacity, energy and service sales agreement with Springfield City Utilities (CU) commits the City to the purchase of all other electrical service(s) required above that which SWPA provides. The City's 2016 peak electric demand was 47 Megawatts of electricity. The City pays to CU in accordance with CU Large Power Service rate in effect at the time that the electric service is provided. Currently the City is paying \$ 9.12 per kw for demand and \$ 0.0580 per kwh for energy. Terms of the CU contract expire on June 30, 2018; however, it shall automatically renew until terminated by either party by giving at least a 5-year written notification on or after June 30, 2018.

In addition to the above, an agreement between the City and CU of Springfield, Missouri was signed on August 25, 2014 allowing the City to purchase 10mwh of energy of solar power. In June 2016, the City entered into a power purchase agreement with Nixa Solar, LLC. However, the City has yet to make any power purchases under this agreement.

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE H – RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City maintains commercial insurance coverage for property damage and various Missouri Official's bonds. Management believes coverage is sufficient to preclude any significant uninsured losses to the City.

At December 31, 2016, the City maintained commercial insurance coverage for building and contents and employee theft. In the past three years the City had no losses that exceeded commercial insurance coverage.

NOTE I – DEFINED BENEFIT PENSION PLAN

The City of Nixa participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee retirement plan for units of local government which is legally separate and fiscally independent of the State of Missouri. The retirement system covers all full-time City employees.

Plan description

The City of Nixa's defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. The City of Nixa participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401 (a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

Benefits provided

LAGERS provides retirement, death and disability benefits. Benefit provisions are adopted by the governing body of the employer, within the options available in the state statutes governing LAGERS. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 (55 for police and fire) with 5 or more years of service are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance.

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE I – DEFINED BENEFIT PENSION PLAN (Continued)

| | <u>2016 Valuation</u> |
|-----------------------|-----------------------|
| Benefit Multiplier: | 2.00% |
| Final Average Salary: | 5 years |
| Member Contributions: | 4.00% |

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Employees covered by benefit terms

At June 30, 2016, the following employees were covered by the benefits terms:

| | |
|--|-----|
| Inactive employees or beneficiaries currently receiving benefits | 42 |
| Inactive employees entitled to but not yet receiving benefits | 58 |
| Active employees | 119 |

Contributions

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer contribute 4% of their gross pay to the pension plan. Employer's contribution rates are 9.8 % General and 8.0% Police of annual covered payroll.

Net Pension Liability

The employer's net pension liability was measured as June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 28, 2016.

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE I – DEFINED BENEFIT PENSION PLAN (Continued)

Actuarial assumptions

The total pension liability in the February 28, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| | |
|---------------------------|---|
| Inflation | 3.52% wage inflation: 2.50% price inflation |
| Salary increase | 3.25% to 6.55% including wage inflation |
| Investment rate of return | 7.25% net of investment |

Mortality rates were based on the healthy retiree mortality tables, for post-retirement mortality, were the RP-2014 Healthy Annuitant mortality table for males and females. The disabled retiree mortality tables, for post-retirement mortality, were the RP-2014 disabled mortality table for males and females. The pre-retirement mortality tables used were the RP-2014 employees' mortality table for males and females.

Both the post-retirement and pre-retirement tables were adjusted for mortality improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale.

The actuarial assumptions were based on the 5-year experience study for the period March 1, 2010 through February 28, 2015.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return |
|--------------------|------------------------------|---|
| Equity | 48.50% | 5.50% |
| Fixed Income | 25.00% | 2.25% |
| Real Assets | 20.00% | 4.50% |
| Strategic Assets | 6.50% | 7.50% |

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE I –DEFINED BENEFIT PENSION PLAN (Continued)

Discount rate

The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

Changes in the Net Pension Liability

| | Increase (Decrease) | | |
|---|-------------------------|-----------------------------|-----------------------|
| | Total Pension Liability | Plan Fiduciary Net Position | Net Pension Liability |
| | (a) | (b) | (a)-(b) |
| Balances at 7/1/2015 | \$ 14,287,970 | \$ 14,464,169 | \$ (176,199) |
| Changes for the year: | | | |
| Service Cost | 543,631 | - | 543,631 |
| Interest | 1,034,402 | - | 1,034,402 |
| Difference between expected and actual experience | (251,934) | - | (251,934) |
| Changes in assumptions | 611,179 | - | 611,179 |
| Contribution - employer | - | 460,415 | (460,415) |
| Contribution - employee | - | 218,647 | (218,647) |
| Net investment income | - | 9,174 | (9,174) |
| Benefit payments, including refunds | (585,065) | (585,065) | - |
| Administrative expense | - | (15,147) | 15,147 |

| Net changes | 1,352,213 | (16,559) | 1,368,772 |
| Balances at 6/30/2016 | \$ 15,640,183 | \$ 14,447,610 | \$ 1,192,573 |

Sensitivity of the net pension liability to changes in the discount rate

The following presents the Net Pension Liability of the employer, calculated using the discount rate of 7.25 %, as well as what the employer's Net Pension Liability would be using a discount rate that is 1 percentage point lower 6.25% or one percentage point higher 8.25 % than the current rate.

| | Current Single Discount | | |
|-------------------------------|-------------------------|--------------------------|----------------------|
| | 1% Decrease 6.25% | Rate Assumption 7.25% | 1% Increase 8.25% |
| Net Pension Liability (Asset) | \$ 3,911,580 | \$ 1,192,573 | \$ (996,820) |

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE I – DEFINED BENEFIT PENSION PLAN (Continued)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2016 the employer recognized pension expense (benefit) of \$ 1,196,769 for general and \$ 362,028 for police. The employer reported deferred outflows and inflows of resources related to pensions from the following sources:

| General and Police | Outflows | Inflows | Net Outflows |
|---|---------------------|---------------------|---------------------|
| Differences in experience | \$ 15,008 | \$ (240,896) | \$ (225,888) |
| Differences in assumptions | 522,992 | - | 522,992 |
| Excess(deficit) in investment returns | 1,261,693 | - | 1,261,693 |
| Contributions subsequent to the measurement date* | 225,467 | - | 225,467 |
| Total | <u>\$ 2,025,160</u> | <u>\$ (240,896)</u> | <u>\$ 1,784,264</u> |

*The amount reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the Net Pension Liability for the year ending December 31, 2017.

Amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended: | General | Police |
|-------------|---------------------|-------------------|
| 2017 | \$ 477,987 | \$ 149,705 |
| 2018 | 304,873 | 97,352 |
| 2019 | 304,872 | 97,351 |
| 2020 | 196,001 | 61,887 |
| 2021 | 37,058 | 8,086 |
| Thereafter | 49,092 | - |
| Total | <u>\$ 1,369,883</u> | <u>\$ 414,381</u> |

Payable to the Pension Plan

At December 31, 2016, the City of Nixa reported a payable of \$ 2,875.94 for the outstanding amount of contributions to the pension plan required for the year ended December 31, 2016.

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE J – GRANTS

Intergovernmental awards received by the City are subject to audit and adjustment by the grantor agencies. If grant revenues are received for expenditures, which are subsequently disallowed, the City may be required to repay the revenues to the funding agencies. No disallowed costs have resulted from this audit and management believes that further examination will not result in any disallowed costs.

NOTE K – CONTINGENCIES

Litigation – Various claims and lawsuits are pending against the City. In the opinion of the City's management, the potential loss on all claims and lawsuits will not be significant to the City's financial statements.

NOTE L – INTERFUND TRANSFERS

Interfund transfers as follows were used for operations as set forth in the approved budget:

| Operation transfers: | To | From |
|----------------------|-------------------|-------------------|
| General Fund | \$ - | \$ 276,000 |
| Park Fund | 256,000 | - |
| Building Inspection | 5,000 | - |
| Storm Water | 15,000 | - |
| | <u>\$ 276,000</u> | <u>\$ 276,000</u> |

NOTE M – FEE IN LIEU OF TAXES

The Waterworks and Electric Fund pays 5% of sales to the General as follows:

| Fee in Lieu of | To | From |
|----------------|---------------------|---------------------|
| General Fund | \$ 1,002,459 | \$ - |
| Electric Fund | - | 903,619 |
| Water Fund | - | 98,840 |
| | <u>\$ 1,002,459</u> | <u>\$ 1,002,459</u> |

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE N – INTERFUND ADMINISTRATION FEE

During the year, the following funds paid to the General Fund for administrative costs incurred by the General Fund relating to the operation of the following funds. The fee is shown in the General Fund as interfund reimbursements and as administrative fees in current expenses:

| Administrative Fee | To | From |
|--------------------|---------------------|---------------------|
| General Fund | \$ 1,407,731 | \$ - |
| Street Fund | - | 205,135 |
| Electric Fund | - | 470,261 |
| Waterworks Fund | - | 391,496 |
| Wastewater Fund | - | 340,839 |
| | <u>\$ 1,407,731</u> | <u>\$ 1,407,731</u> |

NOTE O – BUILDERS DEPOSITS

Builder's deposits in the Street Fund consist of advances from developers for reimbursement to the City for their cost of improvements to streets adjacent to their projects. As the projects are completed, the deferred revenue will be decreased and credited against the cost of the project.

NOTE P – PRIOR YEAR DEFEASANCE OF DEBT

In prior years, the City has defeased various bond issues by creating separate irrevocable trust funds. New debt has been issued and the proceeds have been used to purchase U.S. government securities that were placed in the trust funds. The investments and fixed earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt has been considered defeased and therefore removed as a liability from the City's government-wide financial statements and proprietary funds financial statements. As of December 31, 2016, the amount of defeased debt outstanding amounted to \$ 7,065,000.

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE Q – TOWER LEASES

The City leases space on the City's water towers to various wireless providers for the placement of antennae. A total of \$ 146,769 was received during the year ended December 31, 2016 and is reported in the Waterworks Fund. For the next five years, scheduled payments to receive are:

| | |
|------|------------|
| 2017 | \$ 152,000 |
| 2018 | 158,000 |
| 2019 | 164,000 |
| 2020 | 170,000 |
| 2021 | 177,000 |

NOTE R – CONSTRUCTION IN PROGRESS

Construction in progress is authorized by actions of the City Council (governing body). A summary of construction in progress as of December 31, 2016 is as follows:

| <u>Project</u> | <u>Cost of Project</u> | <u>Construction in Progress</u> | <u>Remaining Cost to Complete</u> |
|--------------------------|------------------------|-------------------------------------|---------------------------------------|
| Electric Fund | | | |
| Solar Farm Appurtances | \$ 130,000 | \$ 89,271 | \$ 40,729 |
| Transformer Replacements | 786,000 | 184,810 | 601,190 |
| | <u>916,000</u> | <u>274,081</u> | <u>641,919</u> |

NOTE S – FUTURE ACCOUNTING PRONOUNCEMENTS

The accounting principles governing the reported amounts, presentation and related disclosures are subject to change from time to time based on new pronouncements and/or rules issued by various governing bodies. The Governmental Accounting Standards Board (GASB) is responsible for establishing generally accepted accounting principles (GAAP) for state and local governments.

The City adopted the following statements during the year ended December 31, 2016:

GASB Statement No. 77, *Tax Abatement Disclosures*. This Statement requires governments that enter into tax abatement agreements to disclose the following information about the agreements:

- *Brief descriptive information, such as the tax being abated, the authority under which tax abatements are provided, eligibility criteria, the mechanism by which taxes are abated, provisions for recapturing abated taxes, and the types of commitments made by tax abatement recipients,
- *The gross dollar amount of taxes abated during the period,
- *Commitments made by a government, other than to abate taxes, as part of a tax abatement agreement.

The City had no abatement issues to report for the year ending December 31, 2016.

The Statements which might impact the City are as follows:

GASB Statement No. 80, *Blending Requirements for Certain Component Units-an amendment of GASB Statement NO. 14*, issued June 2016, will be effective for the City beginning with its fiscal year ending December 31, 2017. This Statement establishes additional blending requirement for the financial statement presentation of component units that are organized as not-for-profit corporation in which the primary government is the sole corporate member.

CITY OF NIXA, MISSOURI
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE S – FUTURE ACCOUNTING PRONOUNCEMENTS (Continued)

GASB Statement No. 81, *Irrevocable Split-Interest Agreements*, issued March 2016, will be effective for the City beginning with its fiscal year ending December 31, 2017. This Statement is to improve accounting and financial reporting by establishing recognition and measurement requirements for irrevocable split-interest agreements. Another objective of this Statement is to enhance the transparency and decision-usefulness of general purpose external financial reports, and their value for assessing accountability, by more clearly identifying resources that are available to a government.

GASB Statement No. 82, *Pension Issues-an amendment of GASB Statements No. 67, No. 68, and No. 73* issued March 2016, will be effective for the City beginning with its fiscal year ending December 31, 2017 except for the requirement of paragraph 7 in a circumstance in which an employer's pension liability is measured as of a date other than the employer's most recent fiscal year-end. In that circumstance, the requirements of paragraph 7 are effective for that employer in the first reporting period in which the measurement date of the pension liability is on or after June 15, 2017. This Statement is to improve consistency in the application of pension accounting and financial reporting requirements by addressing certain issues that have been raised with respect to Statements No. 67, *Financial Reporting for Pension Plans*, No. 68 *Accounting and Financial Reporting for Pension*, and No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*.

GASB Statement No. 83, *Certain Asset Retirement Obligations*, issued November 2016, will be effective for the City beginning with its fiscal year ending December 31, 2019. This Statement is to provide financial statement users with information about assets retirement obligations (AROs) that were not addressed in GASB standards establishing uniform accounting and financial reporting requirement for these obligations.

The City's management has not yet determined the effect these statements will have on the City's financial statements.

CITY OF NIXA, MISSOURI
NOTES TO BUDGETARY COMPARISON INFORMATION
FOR THE YEAR ENDED DECEMBER 31, 2016

Budgetary Process

The City Council follows the procedures outlined below in establishing the budgetary data reflected in the basic financial statements:

1. Prior to December 31, the City Council appropriates, by ordinance, the annual operating budget for the fiscal year beginning the following January 1 for the General, Special Revenue, Debt Service, and Capital Project Funds. The budget is prepared on the same basis of accounting as the financial statements (Modified Accrual Basis). The City Council also adopts, as a management control device only, a budget for the Enterprise Funds.
2. The level of budgetary control lies at the fund level for all of the governmental funds. The City Administrator is authorized to transfer part, or all, of any unexpected budget balance among any departments within these funds. The City Administrator is not authorized to approve expenditures in excess of the adopted budget.
3. The City Council may, by ordinance, make supplemental appropriations for revenues in excess of original budget estimates or reduce appropriations should revenues be insufficient to meet the amount appropriated. State statutes prohibit deficit budgeting by requiring that estimated expenditures for the period do not exceed estimated revenues for the period plus unencumbered budget basis fund balances at the beginning of the period.

For the year ended December 31, 2016, expenditures did not exceed appropriations in any of the funds.

| 2016 | 451,306 | 451,307 | (1) | 4,821,345 | 9.36% |

NOTES TO SCHEDULE OF CONTRIBUTIONS

Valuation Date: February 29, 2016

Notes: The roll-forward of total pension liability from February 29, 2016 to June 30, 2016 reflects expected service cost and interest reduced by actual benefit payments.

Methods and Assumptions Used to Determine Contribution Rates:

| | |
|-------------------------------|--|
| Actuarial Cost Method | Entry Age Normal and Modified Terminal Funding |
| Amortization Method | Level Percentage of Payroll, Closed |
| Remaining Amortization Period | Multiple bases from 13 to 19 years |
| Asset Valuation Method | 5-Year smoothed market: 20% corridor |
| Inflation | 3.52% wage inflation; 2.50% price inflation |
| Salary increases | 3.25% to 6.55% including wage inflation |
| Investment Rate of Return | 7.25%, net of investment |
| Retirement Age | Experience-based table of rates that are specific to the type of eligibility condition. |
| Mortality | The healthy retiree mortality tables, for post-retirement mortality, were the RP-2014 Healthy Annuitant mortality table for males and females. The disabled retiree mortality tables, for post-retirement mortality, were the RP-2014 disabled mortality table for males and females. The pre-retirement mortality tables used were the RP-2014 employees mortality table for males and females. |

Both the post-retirement and pre-retirement tables were adjusted for mortality improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables.

Other information: New assumptions adopted based on the 5-year experience study for the period March 1, 2010 through February 28, 2015.

CITY OF NIXA, MISSOURI

STATISTICAL SECTION OVERVIEW

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the City's overall financial health.

Contents

Pages

Financial Trends

68 - 71

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

72 - 78

These schedules contain information to help the reader assess the City's most significant local revenue sources.

Debt Capacity

79 - 83

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

84 - 86

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

87 - 89

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the audited annual financial reports for the relevant year.

Source: Nixa School District, Nixa Fire Department and Christian County Clerk

Note: Overlapping governments are those that coincide, in part or in total, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the property taxpayers of the City of Nixa. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the property taxpayers should be taken into account. However, this does not imply that every taxpayer is a resident and responsible for repaying the debt of each overlapping government.

The percentage of overlapping debt applicable is estimated using the assessed property values. The applicable percentage is estimated by dividing the City's assessed valuation by the applicable governmental unit's total assessed valuation.

Section 95.115 of the 1978 Missouri Revised Statutes permits any county or city, by vote of two-thirds of qualified electors voting thereon, to incur additional indebtedness for city purposes not to exceed five (5) percent of the taxable tangible property therein, as shown by the last assessment.

Section 95.120 of the 1978 Missouri Revised Statutes permits any county or city, by vote of two-thirds of qualified electors voting thereon, to incur additional indebtedness for city purposes not to exceed five (5) percent of the taxable tangible property therein, as shown by the last assessment.

Sections 95.125 and 95.130 of the 1978 Missouri Revised Statutes provide that any city may become indebted, not exceeding in the aggregate, an additional ten (10) percent for the purposes of acquiring right-of-ways, constructing, extending and improving streets and avenues and/or sanitary or storm sewer system, and an additional ten (10) percent for purchasing or construction of waterworks, electric or other light plants, provided the total general obligation indebtedness of the city does not exceed twenty (20) percent of the assessed valuation.

(1) Revenue bonds and their related interest are payable solely from the revenues derived from the operation of the enterprise owned by the City. The taxing power of the City is not pledged to secure payment of the bonds and interest.

(2) Operating revenue includes service charges, related utility-based fees and penalties.

(3) Operating expenses excludes depreciation and non-operating expenses.

(4) The City refunded outstanding bond issues; debt service amounts in the table do not reflect the defeasance of this debt.
