#### **PRESENTATION:**

Linda Saturno and Micki Lane with the Child Advocacy Center thanked Council for the opportunity to address the meeting. 2020 was the twenty-fifth (25<sup>th</sup>) year for the Child Advocacy Center. They serve 25,000 children in fifteen counties. They applied for a grant to hire an additional trainer but unfortunately, they did not receive the grant. This is a cause for concern due to child abuse being a public health crisis. Saturno and Lane are asking for request of funding for \$40,000.00 to assist with an additional trainer in public schools. There had been no funding received from other organizations at this time.

Chamber of Commerce Director Chris Russell provided a review of the Chamber. Russell discussed the debut of Good News Nixa which has been an important resource for the community. The Chamber is planning on bringing back the July 4<sup>th</sup> fireworks and Sucker Day plans are still moving forward. The Chamber has been busy with 529 active members, 229 business participation and 117 new members in 2020.

# **ORDINANCES** (First Reading and Public Hearing; No Council Vote Anticipated):

Council Bill #2021-011 Authorizing the City Administrator to Execute a Supplemental Agreement with the Missouri Highways and Transportation Commission to Modify the Terms of a Cost Apportionment Agreement and Amending the 2021 Annual Budget was presented. Public Works Director/Assistant City Administrator Doug Colvin explained the amendment. The amendment will include the powder coating of traffic signal poles at State Highway 14/Mt. Vernon and Main Street. This will also require a budget amendment for an additional \$11,000.00 needed for the upgrades. The existing agreement with MHTC includes a description of cost share monies from the City for a Rice Street extension to complete the improvements to the roadway and the installation of sidewalks on the North and South sides of State Highway 14/Mt. Vernon. Upon reviewing the 2021 budget staff reviewed the agreement to determine what was needed to have MoDOT change the aesthetics of the signal poles from the standard galvanized material to black powder coating. The requested change was made to MHTC to add the upgrade. The change requires that the cost share portion increase to \$11,000.00 to cover the additional cost. Mayor Steele opened the public hearing for comments, no comments were made and the hearing was closed.

Council Bill #2021-012 Amending Sections 14-24,20-548, & 111-202 of the Nixa City Code; for the Purpose of Modifying and Harmonizing Certain was presented. Planning and Development Director Garrett Tyson reviewed the regulations concerning off-street parking of truck-tractors in residential areas. The parking of truck-tractors in residential areas had been conducted without any consequences from the City. Council amended the regulations to allow for off-street parking of truck-tractor in residential zones when authorized by the issuance of a special-use permit. Council reconsidered the approach and established an ad-hoc committee of Council to study the issue and report to Council with their

recommendations. The ad-hoc committee conducted several meetings to receive feedback and input from staff. The recommendation was to repeal the special use permit provision and try a different approach. The committee also held a public hearing to allow citizens a chance to voice their opinions. Staff recommends maintaining the general prohibition but also recommend an opportunity to allow existing truck-tractor parking to remain under a special permit process if the resident does so in a lawful manner at the location. The permits would need to renew annually, idle time of thirty (30) minutes and allowing of loading and unloading. A short discussion was held among staff and Council regarding the permit and transfer of permits. Mayor Steele opened the public hearing for comments.

Ron Sanders 976 Glen Oaks discussed the stigma of truck drivers in communities. He feels that ordinances can be used for neighbors to file complaints against one another even if the rules established are followed. There are plenty of good people who are truck drivers and they deserve to be a part of this community.

Jeff Belcher Nixa, feels truck drivers are being discriminated against. In addition, asked why the opportunity to park truck-tractors is not going to be afforded to future residents.

Council Bill #2021-013 Amending the 2020 Annual Budget for the Purpose of Covering a Shortfall in the Park Fund was presented. Finance Director Jennifer Evans explained the shortfall to Council. The evaluation of the end of year revenues and expenditures indicate the Park fund will be short \$96,000.00 due to the impacts of COVID-19. The amendment will ensure that Park's 2021 beginning balances are sufficient to maintain a structurally balanced 2021 budget. Parks and Recreation Director Matt Crouse added that memberships are still coming in at a slow pace and but not as years past. The older members are hesitant to come in due to COVID-19. Mayor Steele opened the public hearing for comments, no comments were made and the hearing was closed.

Council Bill #2021-014 Authorizing the City Administrator to Execute an Agreement with Southwest Power Pool, Inc. for Electric Transmission was presented. Colvin reviewed the amendment to the current Southwest Power Pool agreement for electric transmission service. The City has transitioned from the short-term electric capacity contract with City Utilities of Springfield to a new long-term capacity contracts adopted by Evergy and Nextera. The new contracts began on December 1<sup>st</sup>, 2020. The study determined the City is responsible for transmission upgrades on the SPP system. The outcome of the study revealed a total of \$1,694,322.10 worth of necessary upgrades. Most upgrades are eligible for base plan funding which includes costs recovered from other agencies. The City will be responsible for \$76,122.74 and will be recovered by SPP over the next ten (10) years monthly per tariff. Therefore, the City will see a monthly increase in transmission costs of \$634.36 for the next ten (10) years. Mayor Steele opened the public hearing for comments, no comments were made and the hearing was closed.

# **ORDINANCES** (Second Reading; No Public Hearing; Council Vote Anticipated):

City Attorney Nick Woodman reviewed Council Bill #2020-115 with Council. At the December 14, 2020 Council meeting a second reading was provided and raised several concerns by the Police Department. Council directed staff to address the concerns discussed and add provisions related to tusk maintenance and microchipping. Council postponed the consideration of Council Bill #2020-115 to January 11, 2021 to allow time to draft the changes. City staff has prepared Substitute Council Bill #2020-115 to present to Council and if adopted would modify several provisions of the original Council Bill. The Substitute bill adds language to address tusk maintenance and microchipping. The language regarding tusk maintenance will require the owner of a miniature pig to trim and maintain tusks in a manner that they shall not appear outside of the mouth of the miniature pig when

the mouth is closed. The language regarding microchipping requires individuals to microchip their miniature pig and details what information must be included on the microchip. In addition, a miniature pig will be counted as part of allowed animals in certain zoning districts. A miniature pig will be required to be vaccinated for rabies even though such a vaccine may not be formulated for pigs. Mayor Steele called for a motion and all Council members voted aye. Orf made a motion to approve Council Bill #2020-115 with Giddens seconding and Orf, Perryman, Peterson, Graham, Giddens, and Barker voting aye on roll call vote. Council Bill #2020-121 Approving the Renewal of a Base Lease Agreement for Real Estate and Existing Facilities with the Bank of New York Mellon Trust Company, N.A. for Refunding Certificates of Participation Series 2013 was presented. Evans reviewed the base lease purchase agreement for the refunding certificates of participation series 2013. This is an annual ordinance required to renew the lease, finance arrangements to fund the Northwest Sewer Lift Station. Council Bill #2020-122 Granting a Special-Use Permit for the Purpose of Authorizing Self-Storage Facilities with Outdoor Storage in the General Commercial Zoning District Located at 1032 East North Street was presented. Tyson reviewed the request for a special use permit for 1032 East North Street. In August of 2020, 14.3 acres of land located at the southwest corner of North and Cheyenne was annexed into the City. The annexed land was classified as General Commercial zoning. The owner of the property applied for a special use permit to authorize outdoor storage in combination with a self-storage use. The area designated for outdoor storage is approximately 1.58 acres. The Planning and Zoning Commission reviewed the application and approved the request. Mayor Steele called for a motion to approve and all Council members voted aye. Council Bill #2020-123 Accepting the Bid of K&B Equipment, LLC for the Waterline Distribution System Improvements Project, and Authorizing the City Administrator to Execute a Contract with Said Bidder for the Project was presented. Colvin reviewed the contract for the waterline distribution system improvement. The bill would authorize the City Administrator to execute a contract with K&B Equipment, LLC for the completion of two (2), 2021 CIP water line improvement project. The project includes the complete replacement of water mains, services and hydrants that will accommodate the widening of roadways. Staff met with K&B Equipment, LLC and they plan to utilize boring for a portion of the project that includes service runs under the roadway. The request for night work could not be done within the current bid amount. The requirement for night work would necessitate the rejection of all bids and a rebidding of the project. This is not recommended because of a minimum eight (8) week time delay requirement to amend the bid specifications and re-bid the project pushing the completion time to mid-June for downtown and late August for the remaining sections. K&B Equipment, LLC have provided a good plan for completing the project with little disruption to the public as possible Mayor Steele called for a motion to approve and all Council members voted aye. Barker made a motion to approve Council Bill #2020-123 with Graham seconding and Graham, Giddens, Barker, Orf, Perryman and Peterson voting aye on roll call vote.

The policy will ensure when the City has a power outage the lineworkers restoring power will be able to do so in a timely manner. This will require lineworkers to live within thirty (30) minutes of City of Nixa Public Works located at 1111 Kathryn Street. This will help to alleviate lineworkers wait time on call-out person. Only one (1) employee at a time is on standby but for safety reasons the City sends out two (2) lineworkers at a time. With two (2) lineworkers sent out at a time the policy needs to be amended so they both show up at the same time to get the job done in a timely manner. The applicant is not allowed to be reimbursed for work done on their own, or by a company they own or have financial interest in.
