

**Issue:** Regional Broadband Initiative Participation Agreement

**Date:** April 6, 2022

**Submitted By:** Jimmy Liles, City Administrator

---

### Background

During the last City Council meeting, held on March 28<sup>th</sup>, Council approved resolution 2022-034 allowing the execution of a cost share agreement to identify a regional broadband consultant. City Utilities of Springfield (CU) will serve as the contractor for the purpose of assisting the communities listed in the agreement in finding a qualified broadband feasibility consultant. The next step in the process would be to put in place a Regional Broadband Initiative (RBI) Board to oversee the project.

### Analysis

The attached regional broadband initiative participation agreement would put in place an RBI Board made up of a member from each community listed. The RBI Board that will then evaluate and select a feasibility consultant. This board will also manage and direct future expansions, if the analysis finds expanding broadband to the communities is feasible and acceptable to the parties.

The agreement identifies how the costs of the study will be split among the organizations. Currently, if all organizations agree to participate, the City of Nixa's portion of the study would be 10.62%. Once a consultant is selected, we will have a better understanding of the cost to conduct the feasibility study. The agreement allows any party to terminate their participation in the Board, and the fiber expansion project, within thirty days of a cost analysis being submitted by the consultant. The agreement can also be terminated if there are no appropriated funds to proceed. Once the costs are known, Council will be given the opportunity to evaluate the cost and determine whether we want to proceed with the study.

### Recommendation

Staff would recommend moving forward with the agreement to participate in the regional broadband initiative.
