

Issue: **AN ORDINANCE OF THE NIXA CITY COUNCIL AMENDING THE OFFICIAL ZONING MAP BY CHANGING THE CLASSIFICATION OF APPROXIMATELY 0.38 ACRES LOCATED ALONG THE 900 BLOCK OF NORTH WESTVIEW DRIVE FROM NEIGHBORHOOD COMMERCIAL (NC) TO SINGLE-FAMILY RESIDENTIAL (R-1)**

Date: July 11, 2022

Submitted By: Planning and Development Department

Background

Terry Fielder is the owner of 906 North Westview Drive. As the owner of the real property, Mr. Fielder has applied to rezone the site from the Neighborhood Commercial (NC) zoning to Single-Family residential (R-1) zoning. The subject property is located in the Young Addition Subdivision, which was originally platted in 1976. This property once featured a single-family house. Sometime in 2009, the home was demolished due to a fire and has been considered a vacant lot since.

Analysis

Land Use

The property subject to the application is presently vacant and contains no buildings or structures, just the remnants of a house foundation. The subject property is bounded by North Westview Drive to the west; Neighborhood Commercial zoned single-family residences to the north and south, and single-family residences zoned R-1 to the east. The general character of surrounding land uses is single-family residential.

The proposed land use change is consistent with the land uses in the vicinity.

Transportation

The subject property is directly served by North Westview Drive (local). Traffic to/from the subject property will come from/to Northview Road (collector). There is no existing pedestrian or multi-modal facility serving the site.

The impact of traffic generated from potential residential development of the subject property is not sizeable relative to the capacity of infrastructure serving the site.

Public Utilities (Water, Wastewater, Electric)

Municipal water, sanitary sewer, and electric utilities are immediately accessible to the site and are all sufficient in capacity to serve a single-family residential land use. The site is served by the Northeast

Regional Lift Station that has sufficient capacity to serve a single-family residential land use at this site. Water service to the site is of sufficient capacity to provide adequate fire suppression.

Stormwater Management

The subject property is not served by regional detention facilities and does not appear to be affected by flood hazard area or karst topography. Development of the site must conform to the City's regulations concerning stormwater management.

Other Public Services

The proposed zoning change could potentially add traffic and population to the City's jurisdiction, which will impact a variety of public services in proportion to those increases. Ideally, the impact of these additional residents and patrons will produce economies sufficient to cover additional costs.

Planning and Zoning Commission

A public hearing was held 7/5/2022 at the July regular meeting of the Planning and Zoning Commission. Staff presented the rezone. During the public hearing a representative of the property owner spoke. She mentioned that the property is under contract contingent on the rezone. She also spoke about the struggle and lack of interest on the listing when it was listed as commercial and how lenders were not offering traditional loans on the property. The rezone was unanimously approved by the Commission.

Recommendation

Staff recommends approval of this application.
