

Issue: Resolution #2021-111 A Resolution of the Council of the City of Nixa

AUTHORIZING THE CITY ADMINISTRATOR TO EXECUTE AN AMENDMENT TO THE

CONTRACT WITH PITT TECHNOLOGY FOR IT SERVICES

Date: November 1, 2021

Submitted By: Cindy Robbins, Assistant City Administrator/City Clerk

Background

The City has a contract with Pitt Technology Group for our Managed Technology Services (MTS). Due to a vacancy in the City's IT Department and after much discussion, staff would like to amend our current MTS contract with Pitt to increase our MTS monthly hours and not fill the City's current IT position. Not filling the employee position and increasing our MTS hours will result in a substantial savings for the City.

Analysis

The contract presented this evening is for a one (1) year contract with an additional 1-year renewal and includes 60 hours of IT services per month for a monthly charge of \$4,500.00. This contract also allows for the allotted hours to roll-over if not used one month or to be used in advanced during a heavy use period. Hours will be monitored closely to ensure 60 hours is needed per month or if any adjustments are needed to the allotment. Any adjustments would be brought back to Council for a contract amendment prior to being put into place.

Recommendation

The contract presented has been reviewed by Nixa's Attorney Nick Woodman and Pitt Technology. Staff recommends approval of this resolution for the amended contract.
