

AMENDING CHAPTER 4 OF THE NIXA CITY CODE TO UPDATE THE CITY'S LIQUOR CONTROL CODES.

Background:

City Administrator Jimmy Liles has directed that City staff review the City's current liquor control codes. The policy goal for the review was to evaluate where the codes could be modified to allow for more ease of use by both the public and City staff. At the conclusion of this review process, Council Bill 2023-12 was prepared.

The City's current liquor control codes are located in Chapter 4 of the City Code.

While reviewing potential revisions to this Chapter, staff reviewed both Ozark and Republic's codes for guidance. Both of these communities have very similar liquor control ordinances and both cities have recently updated their codes to reflect changes in the State's liquor control laws. These codes were used as a model for the proposed changes contained within Council Bill 2023-12.

Analysis:

Council Bill 2023-12 makes many substantive changes to Chapter 4 of the City Code. This memorandum will highlight, in the drafter's opinion, those changes which are the most substantive.

First, it was clear that the City's current liquor licensing scheme is unworkable. Staff currently has to contort the provisions of Chapter 4 to apply to new businesses coming to the City. This is likely due to the fact that the liquor control statutes have been updated overtime, but the City's Code has not been updated as frequently meaning that the City's adopted categories of license is more limited than the State's.

Therefore, Council Bill 2023-12, broadens the authorized liquor licenses that the City may issue. These additional categories of license, and the updated definitions for such licenses, will provide staff, and the general public, clarity on which licenses are more appropriate for the specific type of business or organization.

The Council Bill also authorizes the City to issue temporary permits for certain activities which do not necessarily require a full-blown liquor license. This adds an additional element of ease of use and flexibility to the Code that isn't currently present in Chapter 4.

Finally, the Council Bill modifies Chapter 4 to reorganize the Chapter in a manner that is modeled off of the cities of Republic and Ozark. When reviewing these cities codes, it made sense that we recommend that we adopt a similar code structure so that businesses and organizations doing business in those communities have an understanding of what the City of Nixa's requirements are.

Recommendation:

Staff recommends approval of this Bill. It is staff's view that the changes proposed in Council Bill 2023-12 will make the City's liquor control process easier for staff and the public to navigate.
