

RE: Budget Amendment for the City of Nixa's Cost Share for the RBI Feasibility Study

Background:

In April 2022, City Council approved an agreement to participate in the regional broadband initiative (RBI.) In September of 2022, City Council approved a cost share agreement to participate in the regional broadband initiative feasibility study that would be conducted by the Broadband Group. Council also approved a budget amendment for \$31,000 of ARPA funds to cover the City of Nixa's portion of the study. The contract with the Broadband Group was executed by all involved parties in December 2022.

Analysis:

I anticipated the City of Nixa's portion of the feasibility study to be paid prior to the end of 2022, but with the late approval of the contract, those funds did not get expended and did not get rolled over into 2023's budget. Since the execution of the original contract, the Broadband Group has provided anticipated travel expenses to the RBI Board and requested an addendum to the contract to include these expenses. All parties agreed to the expenditure, which would bring the City of Nixa's total cost share to \$33,650.53. Therefore, I am requesting a budget amendment in the amount of \$33,650.53.

Recommendation:

Staff recommends the approval of the ordinance for a budget amendment for \$33,650.53 of ARPA funds to pay for the City of Nixa's portion of the feasibility study.
