

AN ORDINANCE OF THE COUNCIL OF THE CITY OF NIXA AMENDING CHAPTER 2 OF THE NIXA CITY CODE BY MODIFYING SECTION 2-80 AND ADDING A NEW ARTICLE TO ESTABLISH PROCEDURES RELATED TO THE SUNSHINE LAW.

Background:

Chapter 610 of the Revised Statutes of Missouri contains provisions which are commonly referred to as the Sunshine Law. The Sunshine Law requires that certain meetings and records of local governments be open to the public.

The Sunshine Law mandates that the City comply with requests submitted by the public for access and copies of City records. There are certain limitations and requirements on how the City is to fill records requests.

Analysis:

Council Bill 2023-22, if approved, would provide local authority for the City's process of filling open records requests. These provisions would provide positive authority, instead of implied authority, for the City's current open records process instead of implied authority. This would put the City's open records process on a firmer legal foundation in the event of a challenge.

The provisions of the Sunshine Law provide the general process in which records requests are to be handled. The provisions of Council Bill 2023-22 would provide the details, within the framework of the Sunshine Law, regarding the City's open records process. Additionally, the provisions of the Council Bill will function as the City's "reasonable written policy." City's are required to adopt a "reasonable written policy" which is to detail how the city handles open records requests.

How does this Bill accomplish the foregoing?

First, the Bill modifies an existing Code provision (Section 2-80). The amendment to this Section clarifies that the City Clerk is responsible for maintaining the City's records and formalizes the City's current records destruction process. This is more of a housekeeping item.

Next, the Bill adds a new Article to Chapter 2 of the City Code. This new Article will provide the authorization and parameters of the City's open records process.

Article V will provide the provisions which make up the City's Open Records Policy going forward. This Article provides direction on how records requests are made,

how the City responds to records requests, provides authorization to collect fees for filling records requests, and provides content on which records are deemed closed and provides penalties for those who discuss or provide closed records.

Recommendation:

Staff recommends approval of this Bill. Staff's support is based on the desire to provide a clear set of rules, for staff and the public, regarding how the City will process open records requests. Codifying these provisions ensures the City is transparent with this process.
