

RE: SUMMER PEAKING POWER PURCHASE

Background:

The city has been provided an opportunity to purchase peaking power for this summer to potentially offset summer peak power purchase pricing. Priority Power is the consulting firm that Nixa uses to help manage our power purchase contracts and help find solutions to deliver the most cost-effective energy to our customers. They are continually monitoring our energy load factors and searching for opportunities to lower our energy purchase prices. Over the past few years, Priority Power has been working with Nixa regarding our summer peaking loads. As the city grows, we are becoming more susceptible to summer peak loads and the price increase that comes along with hotter weather in the summer. One way to offset the potential price increases that come with summertime peaking is to enter into a Peaking Power Purchase contract for a defined amount of time and for certain hours of the day. This year Priority Power has been able to secure a fixed price peak power purchase contract with a company called Evergy who is willing to sell us 5MW at a set price of \$65 per MW from June 1st. through September 30th.

Analysis:

The attached ordinance will authorize the City Administrator to execute a contract with Evergy power to purchase 5MW of power from June 1, 2025, through September 30, 2025, at a price of \$65 per MW. The power package will be a 5 by 16 power purchase package. What this means is that Nixa will secure 5MW per day for a 16-hour block of each day. This will allow us to not have to go out on the open market during peak hours and potentially pay much higher MW prices to cover our peak load during high heat periods.

Recommendation:

Staff has been working with our power purchase consultant and after reviewing anticipated gas pricing this summer have determined that purchasing a summer peaking power package is in the best interest of the community and recommends approval of the attached contract.

Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
