

Issue: Rotary Playground Upgrade- Memorial Donation/Sponsorship

Date: June 2, 2026

Submitted By: Matt Crouse, Director of Parks and Recreation

The parks department has been approached by the Burrow Family to sponsor the purchase of a new swing set in memory of their son Noah Burrow. The Burrow's celebrated the life of their 17-year-old son Noah in December of last year. Noah had many challenges in life, though non-verbal, he was a radiant young man that lit up the room with his smiles, laughter, and unmistakable zest for life. Among his favorite things to do was swinging, often higher than most would consider comfortable. For this reason, the family thought it would be great to have a swing set in Rotary Park to honor the memory of Noah. Katie has been working with the family to replace the old single bay swing set on the west side of the current play equipment in the big playground in Rotary Park. Once installed the swing set would have a memorial sticker placed on it with information about Noah available via a QR code for people to scan.

The upgrade to the swing set would be welcomed as we continue to upgrade our parks playground equipment. The swing set and swing are pictured in the attachments to this memo.

There are a few steps for us to accomplish with this project. The first step is a budget amendment in the amount of \$6,937.29 to purchase the swing set and installation for this project. This includes a 3% discount for cash with order. This also would require council to authorize the city to pay for the equipment at the time of order, which is outside our current purchasing process. This would help save the family some monies for this purchase with the funds for the project being provided by the Noah Burrow Memorial Fund and will be received by the parks department prior to ordering the swing set. So, there is no direct expense to the city for this, however since funds are not allocated in this year's budget, this amendment will provide the path and tracking necessary to make this purchase.

The next step will be in the form of a resolution for a contract with the playground equipment company, including the installation of the new swing set, and a Memorandum of Understanding with the Burrow family for the project.

This is a commercial playground swing set from the same manufacturer of the equipment at Rotary Park and McCauley Park and will last the community for many years to come. The swings in the new single bay swing set includes a traditional swing and an Expression Swing (see picture attached).

Where I understand there are several steps to this purchase and process of acquiring this sponsorship of playground equipment the department is honored to have the opportunity to provide a memorial swing set that honors the life of Noah, and provides an opportunity for our community to ensure an activity that Noah enjoyed as well. We are requesting council approve this budget amendment including paying for the equipment at the time of order, at the next council meeting and approve the resolution later in this meeting to make this memorial swing set a reality within our park system. This amenity will have a lasting impact on our park system for those who visit our parks for many years to come.

Respectfully,

Matt Crouse
